Assessor Comments

A draft of well bred Angus heifers that have had a tough Autumn / Winter period but are just starting to do the past 6 weeks.

They are perfect to purchase as a line of heifers in genuine store condition for back grounding for future grass or grain finishing programs and would make ideal future breeders given their genetic foundation. Bred out of a medium to large frame Angus herd and sired by excellent Dollar Angus bulls. Please not some rub marks due to early lice. Several heifers have old pink eye scaring - not active.
