Assessor Comments	16 Unjoined Angus Heifers A tidy line of Angus heifers in good forward condition, well suited to any breeding or finishing			

program. The cattle handle quietly in the yards and display a kind, soft eye. The vendor purchased these heifers from S Gray Lewis at the Ballarat Feature Weaner Sale in February. All have received the full range of recommended health treatments. A few heifers show small, old pink-eye scars—none of which are active—and one heifer has a more noticeable old scar. These heifers are grass-fed and antibiotic-free, representing an excellent opportunity to secure a quiet, well-bred line of Angus females with all the potential to perform.
