Assessor Comments	54 Very good quality Santa and Red Angus Cross Weaned Heifers from 6 to 10 months of age. These heifers are well bred by Greenup Eidsvold Santa Bulls and Isseppi Red Angus Bulls out of very fertile Santa and Red Angus cross cows. Heifers are very framey with a lot of compensatory gain. These heifers will suit any type of trade feeder job. The heifers are very soft doing and would also make ideal replacement breeders. The heifers worked well throughout the yards and were a pleasure to handle. These heifers have been weaned for 3 months so all the hard work has been done on them. If your looking for good framed and good quality cattle look no further than these. Please note 1 heifer had a slight blue dot in one eye that was treated at assessment
