Assessor Comments	On the back of recent rain and more forecasted don't miss this chance to secure this nice line of Angus and Angus cross weaned heifers that will make perfect backgrounders to carry through to heavier weights. Heifers were purchased from the Tamworth district earlier in the year and are only for sale due to unforeseen circumstances. Heifers present in good condition and are jus starting to loose their winter coats, given some continuous good feed and warm weather heifers should continue to grow out nicely. Heifers were given a progesterone needle at purchase time for peace of mine as cattle were bought in. An ideal line of backgrounders that are perfect articles to take through the spring and summer months to turn off before winter next year or keep and finish for a domestic trade kill. Heifers to suit all end markets, grass fed and Anti Biotic free.
