Assessor Comments	Buyers, a quality line of 56 vendor bred, Grass-fed and Antibiotic free Angus heifers, these heifers have been through a cold and wet Walcha winter and are starting to jump out of there skins with warmer weather and solid grass. Ideal to Join to the bull of your choice, grow out to feedlot entry weights or go further to MSA grass fed processing weights. They carry genetics from Baringa Angus. They are being sold to make room for calving cows and a change in management direction.A few heifers noted to have old pink eye scarring. These heifers offer great compensatory gains with plenty of quality genetics.
