Joining Details

Not Station Mated

Any Access To Bulls or Stags?

Yes, last access to bulls/stags: 01/09/2025

Joining Access Details

Bulls are in with cows year round, unlikely that hfrs would have cycled at lighter weights, however not impossible.

| Assessor Comments      | 20 Good quality angus hfrs, weaned and on the do. Cattle are in fwd store condition and show terrific growth for age. Ex medium - large frame cows, hfrs should grow into good square feeder types, usually retained to feeder weights, deteriorating season dictates sale. Very nice cattle, would be ideal top up for any backgrounding operation nb: 21 brothers same station this sale   |
| Assessor               | <b>Will Dean (Level 1 Accredited)</b>                                                                                                                                                                                                                                                                                                                                                        |
