Assessor Comments Good quality line of Angus EU steers. These steers come from one of the better Angus herds in the Tumut region. These

	steers are weighed in a tight weight bracket from 380-428 kg at assessment. Would suit to take onto feeder weights or continue onto bullocks. Vendors select the top end Bongongo sires. A small tail was removed at assessment. Steers that are on the do and wouldn't take much topping up. Have been doing 2kg/day since last weighed a month ago.Highly Recommended by assessor. Please see vendors other lines of heifers in same sale & also some other heifers in the Tumut region.
