Assessor Comments

A/c Krongart Pastoral – 51 March/April 24 drop ****PTE**** heifers consisting of 39 Angus and 12 Angus/Herefords. All heifers were preg tested empty by a vet on the 21/08. ****EU Accredited & PCAS Eligible****. Heifers were all weighed 420kg full plus to average 461kg empty at delivery. These cattle attract repeat buyers, showing good weight for age and have always performed well, they come with our highest recommendation. These heifers are bred to perform. They have been running on improved pastures and are very quiet heifers being a pleasure to handle. The Krongart cattle go forward and grow into heavy trade or export weights year in year out.
