Assessor Comments	Poll Hereford heifers with great breeding to back them up. Mainly Mountain Valley and Kidman bloodlines used over vendor bred Poll and Hereford cows. Vendor breeds for fertility, growth and do-ability off grass. The majority of these girls have good pigment and colour and would make wonderful breeders or go on to a grass fed kill job. These heifers have only been on oats for 8 to 9 weeks and are just starting to shine up and lose their winter coat and are starting to quickly put weight on. All the hard work done. 26 younger sisters also in this sale
