	Very quiet steers that had to be pushed away from the crush to make room for the next steer exiting. Very well handled cattle that were settled throughout the whole process. Only 1 steer trotted away as they were handled for photos in the larger yards.
Handled With	Bikes , Dogs , Horses , Vehicles
Assessor Comments	Superb line of yearling feeder steers. April-August drop '24, back-lined and vaccinated and ready to hit their straps. Steers already on the do on a fresh paddock with heaps of frame to continue to fill out going forward. These steers truely are a premium article, ideal for the feed pen or bullock fattener to take to the next level. Bull purchases focus on carcass traits with IMF and EMA data positive in purchased sires. Highly recommended.
