	A very quiet line of weaned heifers to handle.

Assessor Comments	A very good quality line of heifers sired by the Hollywood Angus bulls, out of large framed Hollywood Angus blood cows. They are very well grown for their age, exhibiting the length and thickness to indicate plenty of potential for the future. These soft young calves have been weaned, and well educated, they are very quiet to handle. They have done very well since weaning and present for sale in very good condition. They would be ideal future breeders, or to feed into heavier weights.
