Assessor Comments	On offer is a very good line of quiet, vendor-bred Angus heifers which will bolster your breeding operation. These heifers come highly recommended and offer the following attributes. * Sired by Onslow and Springwaters Angus bulls * Averaged 389kg live weight at assessment. Low weight: 321kg; high weight: 414kg * Heifers display good maturity and good condition for their age (13-14 months), considering a difficult season earlier on * Heifers have really hit their straps however in the recent weeks of mild Spring conditions * Extremely well looked after and up to date with animal husbandry, including pestigard vaccine * There were no eye issues sighted at assessment. Please note: There are 6 x 2-yr-old heifers from the same vendor in this sale.
