Generally, steers good to work with, being typical of station cattle steers will run under pressure but i didn't find steers to be aggressive in anyway and was really happy with how well they handled.

Handled With: Bikes , On foot , Vehicles

Notable Traits

	Traits
4 Head	Very slight blue eye

Assessor Comments: Good quality draft of steers in which there is a total of 230 to be sold as two b doubles as an even run out the gate. These steers were bought down from vendors northern property and have settled very nicely and on doing exceptionally well.

	Steers still have plenty of scope to put on weight and take onto heavier weights by the end of spring. The Yammatree cattle are highly sought after by major feedlots and these steers should in my opinion be no different.
