Cattle flowed throughout yards with ease. Odd heifers presented slighlty stirry with pressure or confined spaces, out in open yards the heifers were a pleasure to handle with a few still a little "runny" from assessing.

Assessor Comments	Very Good Quality young vendor bred shorthorn heifers being bred by Sprys, Weebollabolla, Eden Park & Royalla Blood

	bloodlines. Heifers are showing good frame weight despite the marginal season in the riverina, which the heifers have been running on Native pastures. Heifers are bred from large framed cows that have good bone muscle and plenty of milk. This article has had no chance with a bull and will continue to to strive forward ready for a joining later in spring to the bull of your choice or to take out into the trade market. Woodpark pastoral offers this draft of heifers as surplus to their program, Buyers you are buying 31 years of shorthorn breeding in this draft and will suit any breeder looking to expand their existing herd or start up purchasing well bred cattle which will perform.
