Assessor Comments	Due to seasonal uncertainty, G & MW Heywood of Everton offer an outstanding line of 20 NSM Angus Heifers. Heifers consist of 'Alpine Angus' and 'The Glen' Angus bloodlines and present in excellent condition. Bulls are carefully selected with a strong emphasis on structure, temperament, high 200 day growth rates, and just a good looking all round balanced bull. Cattle were quiet and easy to handle whilst weighing, drafting and photographing making them an ideal purchase for

all stock handlers. These long bodied young females have good bone and muscle making them ideal to target multiple markets such as the feedlot, trade or export market or be taken to joinable weights and join to a bull of their choice. With the sun shining and grass growing, these noted doing cattle will flourish given the right opportunity. Please see photos for full satisfaction.
