Assessor Comments	54 Unjoined Angus Heifers A quality line of well-grown Angus heifers presenting with all the right attributes to join as future breeders or continue on to finish. These heifers display excellent temperament, stand quietly in the yards, and carry a kind, soft outlook. The vendor purchased this line from SBC Farms as a one-mark draft at the Ballarat Feature Weaner Sale in February. Since purchase, they have been carefully managed and remain in forward store condition. This lot represents the top draft from a total of 103 heifers being offered by the same vendor. All heifers have received the full suite of recommended health treatments. A small number show old pink-eye scars, none of which are active or detrimental. These heifers are grass-fed and antibiotic-free, representing an excellent opportunity to secure a genuine line of quiet, well-bred Angus females with all the potential to perform.
