Assessor Comments	Offering a quality line of 224 feeder heifers. The heifers were 444kg live at assessment after a large day of mustering the day prior and overnight in the yards. The heifers were weighed into a range from 380kg to 520kg and the No.3 heifers were mouthed to ensure they were all milk and 2 teeth. The heifers are a mixture of vendor bred heifers and purchased in cattle that are currently doing very well with the feed on offer. Don't miss this opportunity to purchase a large line of feeder heifers spayed, weighed, mouthed and ready to go into the feedlot. Please note 6 head were sighted with old blight scarring at assessment. Also note there are another 3 decks of coloured feeder heifers in the sale from the same vendor.
