Assessor Comments	A quality 3 deck line of weaner steers on offer. These steers have had all the work done, they have been well weaned and are all in healthy store condition and ready to power ahead on good feed and become very good heavy feedlot or slaughter steers. Steers are from a very good herd of predominately Simmental/simbrah cross cattle with some brangus and santa gertruids blood lines added in 4 or 5 steers do show stronger signs of that brangus content also. Steers were treated with Mectec pour on at time of assessment.
