Flowed through yards, race and weigh box well. One steer stirred up in weigh box but settled once back in the mob.

Assessor Comments A neat tidy line of backgrounders with no more effort or expenses to incur, they're all polled, yard weaned, well handled and treated for internal and external parasites. These steers show a good depth of breeding and I'd say they'll grow into good types of domestic & export feeders. Located south of chinchilla in the Montrose district, all weather access and vendor willing to meet trucks of size like Bdouble's or larger in a safe spot to cross load if required. These steers have improved very well since purchasing and will not disappoint the buyer. I recommend these Backgrounder steers.
