Assessor Comments	A good line of Angus x Angus weaned steers. Out of moderate to large framed Angus cows, by Figtree Park and Ithica blood bulls. These steers were yard-weaned in April, with DDG nuts and Oaten hay, making them a good prospect for the feeder job. A tidy line of steers that could be turned out onto some crop and grown to a feeder weight, or alternatively, a Quality kill carcass. Temperament was a standout at the time of assessment; weaners flowed well through the yards. NOTE: Vendor has multiple lots in sale. Vendor is willing to transport to the Glen Innes Saleyards for a B-double loading only.
