Assessor Comments	34 Well-bred Angus steers. These steers have been running on an improved paddock and are really starting to shine up with some warm weather on their backs. These calves are very well bred with Angus bulls being purchased from Brooksby Angus for many years with focus on growth and carcas. An ideal line of steers to feed on to supermarket or export weights. These Steers have had their first Bovilous at assessment. These calves come with the highest of recommendations.
