Assessor Comments	Top of the drop, vendor bred Angus and Angus Cross steers. Steers are from self replacing Tattykeel and Talooby blood cows and sired by Tattykeel bulls. Steers weighed between 366 - 486kgs after a 2 hour curfew. Steers are mostly in forward/prime condition and have performed well throughout winter and will continue to kick ahead in the warmer weather. A tail was removed and this lot is the lead. The ideal article for a feedlot or backgrounder.
