Assessor Comments	A top quality line of vendor bred Angus future breeders. Heifers are non-station mated and ready to join to a bull of your choice. These Heifers would suit any breeding program or alternatively a feeding on operation. The Heifers have been running on crop and are beginning to lose their winter coat, presenting in forward condition ideal to join. Heifers are a late July/August drop. Buyers please note that 10 Heifers were observed to have very small white spots on their utters.
