Assessor Comments	Buyers, to be offered for sale are 42 Angus Steers. TOPS OF THE DROP. Averaging 284.4Kg at assessment, these steers were all weighed 260+Kg. A tight weight range of 260Kg - 344Kg. September/October 2024 drop. These steers are well bred and come out of a Cow herd that has been based on Te Mania and Rennylea genetics for the last 12 years. A portion of these steers are AI sons of Baldridge Versatile, with the balance sired by Rennylea Bulls and Lawson's Rocky blood Bulls. These steers have come out of a long and cold Tablelands Winter and present in good store to forward store condition. Cattle will react very quickly to favourable feed and weather conditions. Perfect condition to take on over the Spring to reach feeder weights quickly or take further into heavy kill cattle suitable for the domestic and export market. A great opportunity to secure the lead draft of vendor bred Angus steers that are well bred, quiet and in perfect condition for quick weight gain opportunities.
