Very quiet heifers, mostly due to the daily handling of a couple of buckets of pellets. Owner is very steady with cattle on bikes and foot.

Handled With	Bikes , Dogs , On foot
Assessor Comments	Lovely quiet heifers that will bounce on spring grass due to their forward store condition from being hand fed pellets daily. Will suit small acreage or backgrounding heifers for a feedlot. Pleasure to handle. Have had all their health treatments up to date. Please note, one or two had slight ringworm on the property, but was retreated at assessment. Same for lice, the vendor re-treated at assessment, so all animals should leave the property will little to no health issues.
