Assessor Comments	Black Baldy Weaner Heifers – Konongwootong Partnership August/September 2024 Drop • EU Accredited • Yard-Weaned 5+ Days A quality line of Black Baldy heifers that have come through a tough season and are now on the do — showing strong recovery and responding well to feed. Well-suited to backgrounding, with the potential to slot into either a breeding or feeder program in time. Heifers that are ready to perform when given the opportunity. Note: A small percentage of the draft show signs of pink eye scarring. These are superficial only and not expected to affect long-term performance.
