	Very quiet heifers, which were calm & very easy to handle in the yards & in the paddock.			
Assessor Comments	A nice line of one-mark, good-framed, first calf units. These heifers have been sired by Angus bulls over Blue-E cows, with this line representing the black & blue coats in the draft. Heifers present in fresh store to forward condition & are well grown, with very quiet temperaments. The quality in the calves at foot is clearly evident, being sired by an Angus son of CLUNIE RANGE QUEENSLANDER Q311. They are showing very good carcass shape & are thriving from the abundant milk their mothers are producing & should really hit their straps coming into the warmer months of Spring. A great opportunity to secure a quality line of classed-in breeders, with a lifetime of production ahead of them. Vendor has another line of 12 x 12 top quality first calvers, (red & roan coloured sisters out of the draft) with similar aged Angus sired calves at foot, also offered in the same sale.
