Assessor Comments	A quality line of 19 x 19 NSM Baldy and Angus Cows with Calves at foot. A great opportunity to purchase mostly large framed females with fresh August drop Thomsons, Hillview and Bongongo Angus sired calves at foot. A lovely line of cows to breed calves with hybrid vigour for feeder or fattening enterprises. Most of the cows are rising 6 years of age and were purchased from the Albury area as NSM heifers in 2020. The balance are vendor bred cows of which 4 x head are progeny of the purchased cows. The calves are in fresh condition, showing thick muzzles and clean coats. The units are being offered strictly due to a change to a pure Angus herd. All cows have successfully reared calves annually and are proven females. The calves have been vaccinated with 5 in 1, bull calves are not marked for their benefit during transit. Please call for more information.
