Cows were good to handle in open spaces. But when in confined spaces they wanted to get away. They were not aggressive towards a handler but were a little quick to find space. 2 reared up in crush on the scales but settled quickly once on return to the mob.

Assessor Comments An opportunity to purchase a nice line of young cows and calves. Cows were purchased ex SELX weaner sale in 2022 as heifer weaners. Cows have gone onto raised a calf every year since purchase. They are of mostly good frame but are not carrying a lot of condition. Calves at foot are bred out of an Australian Heritage Angus Bull and they are also rejoined to the same Sire. There are 8 heifer calves and 9 steer calves. Calves are fresh in condition and are doing well. Calves were marked on the 20/08. Cows will quickly improve on quality pastures or crop if given the opportunity. Cows have been continuously joined.
