	These cows were ok to handle we had no problems, but cows did have potential to fizz up a bit. Vendor has been trying muster on foot which got beaten few times so cows had got bit excited. Plus yards not great design so adds more stress to cows in race.			
Handled With	Bikes , On foot			
Assessor Comments	A very nice line of 17 Angus Cows with 18 sappy limo calves at foot. These cows are in prime of life only on their 2nd calf. They have 18 quality Limousin calves at foot that have plenty of muscle, and been marked. Cows were depastured back to Limo bull on 12/7 untill delivery. Cows have had all their health treatments including a long active drench. Cows temperament was good for experienced handler but some cows did have potential to fizz up a bit but overall we had no problems. Good run of young cows with very nice limo calves. These cows have been running on improved pastures and look well.
