Assessor Comments	A quality line of 22 PTIC Angus cows, rising 3.5 years of age, presenting in forward store condition with plenty of frame, bone, and capacity. 20 of these cows are Calview-bred, selected as the tops of their draft from the Wangaratta Blue Ribbon Sale. They are out of large-frame females and by sires from renowned Ardrossan and Banquet bloodlines. Joined to a Cairnbrae Angus bull for a tight 8-week joining, these cows are PTIC and due to commence calving in early February. The calves were pulled off one week ago, and all cows are currently dry. This is a complete dispersal, with the cows only being offered due to ongoing dry conditions in the South West. Front paddock cattle with genetics, structure, and breeding depth to be a valued addition to any Angus herd. A genuine opportunity to secure young, productive breeders backed by proven performance.
