Assessor Comments	Here is an opportunity to purchase genuine herd dispersal cows, only on the market due to the property being leased out. These cows are moderate in frame and are good honest cows always rearing top end calves. The calves out of these cows have always performed well on both grass and grain. Very fertile herd with heifers being retained every year and joined over a short period to retain or sell as breeders. Mouthed a few of the 2016 drop cows at assessment with all being strong and sound. Good cows with a return just around the corner.
