Assessor Comments	Buyers, the opportunity presents to purchase a nice line of Angus cows with Wagyu sired calves at foot. 10 of the 17 tested back in calf with bulls remaining with the cows until assessment. Majority 7 & 8 years of age with a handful of younger cows through them, history of these cows are Ex "Ollera Station" at Guyra carrying Wattletop genetics, Ex "Birindi Station" Barraba they are Wattletop & Te Mania genetics. The balance purchased Ex Inverell Blue Ribbon weaner sale in 2019. Purchased in a dry time they have raised a calf every year since first joining. Calves are unmarked and present very well. Ideal units to add to existing herd as replacements or to split down the line. Odd cow with a blue eye noted, Note vendor has another 2 lines in the same sale .
