| Assessor Comments                     | A real deal line of June calving Angus heifers now with their first calf at foot by the Millah Murrah Paratrooper AI sire . Put together as a larger line last autumn through the CTLX Blue Ribbon weaner sale series, these heifers from the first round of AI have calved to the renowned and sort after Millah Murrah Paratrooper. No expense has been spared preparing these heifers for their life ahead. All animal health protocols have been followed with a full Pesti and 7in1 vaccination program completed and boosters given. The early calving date of 21 June sets these ladies up to be highly productive early calvers throughout their careers. We have assessed these heifers & calves as a mob of 38 and to maximise trucking and lot size flexibility we are offering them as two even runs of 19. We will also be offering another two lots from a separate mob with calves once again by the Paratrooper sire so total of 71 units over 4 separate lots. |                |                                     |
