Assessor Comments	A small mob of mixed aged cows and Calves that are surplus to requirements. These cows were purchased as part of a larger consignment ex Wagga saleyards as store cows to place on grazing crops as a trading option, subsequently a few were in calf. These cows are mixed aged, milky cows with very sound udders and are doing a terrific job on their calves. All cows were mouthed with no broken mouths found, there were a 3 worn mouths These cows will be reserved at fat value and represent a good trade option going forward into a very bullish outlook for the beef sector.
