Assessor Comments

Buyers a great opportunity to secure a quality run of Angus cows with calves at foot sired by the Glenisa Angus Bull. All the hard work has been done and units are ready to steam ahead in the warmer months. Cows are not carrying any excess condition are doing a great job on there calves and will continue to given the season stays positive. Cattle would suit going back into a herd or would suit to grow out and split. Cows have had plenty of time put into them and have a great nature. (Please note age of cows is an estimate as cattle are non vendor bred. All were mouthed at assessment and were all sound full mouth. A percentage of cows noted to have a small amount of white around the udder and one cow to have old pink eye scaring.)
