Assessor Comments	Buyers a good line of Angus Cows which have been joined to the Mooroobie Angus Bulls. These Cows present a good opportunity to add to an existing breeder herd or a good starter mob. Cows show good bone, length and depth carrying good feminine traits throughout. In past years Cows have Calved out without any trouble and have been an asset to an exisiting breeding herd although are out of sync with remainder of mob. Cows are in a close calving range having been put with the bull for a 6 week joining putting them from 3.5 months PTIC to 4.5 months PTIC with 1 Cow being 3 months pregnant. Cows are 4 to 6 years old with a sample of Cows mouthed at assessment, all Cows having sound mouths. Please note 1 cow with old scarring in eye noted as not being detrimental.
