Vendor Comments

Excited to be offering these quality heifers with offspring by Millah Murrah Trigger. Very even drop of calves due to AI.

Purchasers have option to have bull calves marked prior to delivery.

	These heifers were very good to handle and only got unsettled when their calves were drafted of for assessment. There were 4 that got fidgety on scales. Generally a quiet lot of cattle to handle.

Notable Traits	Traits 3 Head Slight hair loss (rubbed see pics) 2 Head Slight white on udder					
Assessor Comments	A very nice lot of one mark Angus heifers with 1st calf at foot. A feature of this lot is the evenness and quality of the calves. These calves are by Millah Murrah Trigger, top price yearling bull at the Millah Murrah sale in '23 (\$180,000) and sire of 4 yearling bulls at this years sale averaging \$150,000. The heifers are putting everything into their calves and in store condition. The calves are fresh. Noticed 1 calf slightly lame at assessment. This unit will be withdrawn if lame at delivery. The cows weighed 476 at assessment after 2 hrs in yards. They are mainly medium to good framed with 3 Hfrs smaller framed. Observed 3 with slight eye scarring (one eye).This presents a great opportunity to secure some high end genetics in these calves and the cows with all their breeding life ahead of them.Vendor introduced a bull into the mob about 10 days before assessment. Not confident that all cows have cycled again after calving. Purchasers option to have calves marked before delivery.
