Handled With	cows were very good to handle Bikes , Dogs		
Assessor Comments	A very good line of mixed-aged cows with calves at foot, all calves sired by Lawson Park bulls. Calves are showing excellent growth and type, and the cows are displaying strong maternal traits, doing a very good job on their calves. These cows are of good frame and structure and would jump ahead given the right pasture or crop opportunity. All cows were mouthed on the day of assessment, with ages verified at that time. ready to go forward cows were very quiet and easy to handle through yards. 2 have old pink eye scaring in one eye not affecting their eye site. Some cows showing signs of rubbing.
