Assessor Comments	8 x 8 Cows and Calves. Cows that are 6-9 years old (3 2017 drop and 5 2019 drop) with 2-3 month old calves at foot sired by an Angus Bull. Been running back with the same bull for approx 3 weeks. Large framed, long bodied cows that averaged 600kg curfew with plenty of compensatory weight gain doing a wonderful job on their fresh sappy calves. The temperament on these units is impossible to fault and will please the most concerning of buyers. Please note vendor has 6 x 6 younger heifers and calves in the same sale.
