Assessor Comments	A quality line of 46 Angus cows, all 4th calvers, with 46 calves at foot. These cows are 100% Landfall bloodlines – known for their performance, structure, and maternal traits. Cows present with good frame, length, and depth, showing plenty of stretch and capacity. They are doing an exceptional job on their calves, which range from 2 to 10 weeks of age, with strong bone and thickness evident throughout the drop. Cows are very quiet to handle, both in the paddock and through the yards. They flow well through the race and draft calmly. A pleasure to work with. 46 C.A.F – sired by high-quality Landfall Angus bulls. Calves are vigorous, well grown for age, and showing plenty of growth potential. A small number of cows present with white udders. A handful show old pink eye scarring, not affecting performance. These are extremely well-bred, highly regarded cattle with a strong reputation for productivity and docility. A top-quality line of Angus breeders with proven genetics
