Assessed as a group of 41 Heifers, this mob have been extremely well handled & this showed through out the yarding and weighing process, no heifers showed any signs of aggression or nervousness in the yards & were walked through the race quietly & calmly, no heifers got upset in the crush or on the scales & then walked out & stood with no fuss at all in the laneway & small holding paddock for photos and videos. A very quiet run of Angus Heifers.

Assessor Comments	21 Angus Heifers PTIC to A.I. conception. Presented by HL McKenzie at 'Bruanlea'. "A run out the gate" split of a full assessment of 41 Heifers. These Heifers were purchased on A+ as weaners early 2025 & are of Ardrossan Angus Blood. Heifers are professionally grown out & extremely well handled having plenty of experience being yarded & walked through the crush/over the scales. These Heifers are all class & are perfectly presented. Purchased with the specific purpose of joining via A.I.to $275,000 Australian leading sire Cluden Newry Uppercut U15. An article like this does not come up for sale often & comes with my full recommendation, whether your'e looking to start up a breeding program or inject some genuine quality into an existing herd these Heifers are what you have been waiting for. Please note vendor has other identically bred lots in this sale, all PTIC via A.I to 'Uppercut' or via Natural joining to elite, high end & sale topping Angus Bulls.
