Assessor Comments	27 Angus Heifers PTIC to Leading Angus Bulls. Presented by HL McKenzie at 'Bruanlea'. "A run out the gate" split from a full assessment of 53 Heifers. These Heifers were purchased on A+ as weaners early 2025 & are of Ardrossan Angus Blood. Heifers are professionally grown out & extremely well handled having plenty of experience being yarded & walked through the crush/over the scales. These Heifers are all class & are perfectly presented. Heifers initially missed a round of A.I. but were joined for 6 weeks only to select high end, sale topping Angus Bulls. Lines like this do not come up for sale often & come with my full recommendation, whether your'e looking to start up a breeding program or inject some genuine quality into an existing herd these Heifers are what you have been waiting for. Please note vendor has other identically bred lots in this sale, all PTIC via A.I to 'Uppercut' or via Natural joining to elite, high end & sale topping Angus Bulls.
