Assessor Comments: Line of 17 Angus cows with first and second calves at foot which average 190 kg, every chance of cows being back in calf with a genuine mating of 120 days. Cows in strong store condition and doing a good job on calves with calves being quite fresh for a tight season. Please note there is one Poll Hereford calf due to neighbors bull getting in. The vendor also has 9 PTIC Angus heifers sired by Tooperang Angus in the same sale.
