Assessor Comments	Quality line of 6 year old Angus cows with calves at foot. These large to medium frame females have been doing an excellent job on raising their young calves which averaged 105kgs with 22 steers & 21 heifers (calves are marked). Calves at foot are sired by high indexing Hicks Beef black composite sire S1336. These females show good weight for age and are in ideal condition ready to rejoin to the sire of your choice. This offering of females & calves comes from the heart of the Takajo Pastoral herd, only being offered due to downsizing their herd numbers. Excellent opportunity to secure quality cows & calves which would be an asset to any herd. Cattle come highly recommended!
