Assessor Comments	14x14 Cows with calves at foot. Calves are pathfinder blood 11 steers 3 heifers. Drenched and Vaccinated at the point of calving with Dectomax, Multimin. Grazing on Improved pastures of Clover, Ryegrass, and Supplemented with Hay has these. cows in great order and doing a remarkable job on their calves. Cows are some of the quietest cattle I handle and with all the hard work done would suit anyone looking for fantastic mothers to put in the paddock. Ready to join to the bull. With the rest of their life in front of them these cows would suit anyone wanting to expand their breeding operation. bid up with confidence on these extremely quiet cows with calf at foot.
