	Very quiet cattle to handle. Low stress stock handling schools are conducted on this property and these stock are used with the participants. One cow stood off in the paddock and would move to the back, in the yard she would move behind the others.					
Handled With	On foot , Vehicles					
Assessor Comments	A draft of very quiet cows with very fresh sappy calves at foot. They have been with the Angus bull since the 15th September. The cows are in great nick and should be cycling. The cows are from 2020 drop to 2022 drop and this herd is spring calving. A great opportunity to secure young cows with calves at foot.(2 cows do not have the year tags and one looks as if she may be older but she is a huge cow. The other looks young)
