Assessor Comments	On offer are a well bred line of 80 Angus Steers, 12-13 months of age averaging 362kg curfewed at assessment. Steers are extremely well bred being Landfall, Franc's & Merdeduke Angus bloodlines. Purchased as weaners in February out of the renowned Southern VIC Ballarat weaner Sale. Steers have jumped away, really showing their growth and breeding, large frame and tremendous bone and structure. These Steers will suit a short backgrounding program, ideal cattle for grazing crops and then onto feedlot situation and will make domestic markets in no time, suitable to be grown right out into Bullocks with their frame and growth traits. NOTE - Steers are in a perfect weight gain condition, showing outstanding frame and complementary gain, carrying no condition and ready to do nothing but go ahead. Please note, 6 old eye scar steers, 5 not at all detrimental to vision or sale. 1 Steer has a little more serious old eye scar, happy to negotiate a price difference on this steer. (see media)
