These heifers are well educated and easy to handle, being handled by dogs and motorbikes. The odd heifer would become slightly agitated while being on the scales, due to not experiencing this process before. The heifers easily walked up from the back yard into race with no issues, however the odd heifer would become anxious while pressure was put on her.

Assessor Comments	Opportunity to secure a small line of well bred Angus heifers to suit a breeding or fattening program. The Clarke family have been using selected Reiland Angus genetics in their herd for the last 20+ years. Always selecting Bulls with desired traits, focusing on high growth, being 400 & 600 DW, & strong carcass qualities, particularly IMF & EMA. Out of a large framed herd of heavily classed cows.
