Assessor Comments	On offer is a line of 22 Charolais Heifers. These calves have averaged 248 kg and have all the right traits to continue to grow into big framed Cows. An outstanding opportunity to put together a line of quality bred future breeding heifers. Although enduring a challenging 12 months due to seasonal circumstances these heifers present in an extremely healthy condition and are continuing to power forward on an upward trajectory. It must be noted that the Vendor prides themselves on the temperament of all their cattle and these young heifers showed no exception being a pleasure to handle.
